TABLE OF CONTENTS

SESSION ON MORPHINE & MARIHUANA
Chairman: Horace H. Loh

Loh, H. H., Shen, F. H., Ho, I. K. & Way, E. L.: Effect of reserpine on morphine analgesia in tolerant mice 1
Bhargava, H. N., Chan, S. L. & Way, E. L.: Fffect of β-adrenergic blockage of morphine analgesia, tolerance and physical dependence 4
Nakamura, J. & Winters, W. D.: Tolerance to morphine based on EEG and behavioral criteria in the rat 8
Jacobs, S. & Lomax, P.: Morphine and the electrophysiology of the cingulum: A preliminary study 12
Ho, I. K., Loh, H. H., Lu, S. E. & Way, E. L.: Effect of p-chloro-phenylalanine of morphine tolerance and physical dependence .. 16
de Ropp, R. S., Kastl, L. H. & Balbus, L.: Acute effects of marihuana smoke on mice 21

SESSION ON CARDIOVASCULAR & AUTONOMIC PHARMACOLOGY
Chairman: Joseph V. Levy

Nair, X. & Dyer, D. C.: Responses of human umbilical arteries to serotonin in the presence of metabolic inhibitors and various oxygen partial pressures 25
Puffer, H. W. & Warner, N. E.: The effect of animal toxins on the microcirculation 27
Davisson, J. N., Munoz, J. A., Katzung, B. G., Wolff, M. E. & Trevor, A. J.: Inhibition and potentiation of ouabain inotropism by modified cardenolides 31
Liss, W. J. & Weber, L. J.: Unexpected responses of pectoral muscle in rainbow trout (Salmo gairdneri) and largemouth bass (Micropterus salmoides) to succinylcholine and curare..... 35
Klaverkamp, J. F. & Dyer, D. C.: Effects of pH on cholinergic vascular receptors of the rainbow trout 38
Lock, A. & Weber, L. J.: The rat vagal gastric relaxation in situ..... 39
Schmidt, D. C. & Weber, L. J.: Bile flow and bromosuphonphthalein clearance in rainbow trout (Salmo gairdneri)..... 40

GENERAL SESSION
Chairman: Jiro K. Kodama

Jacobsen, P. L. & Levy, L.: The antibacterial spectrum of hydnocarpic acid, a component of chaulmoogra oil 44
Lakso, J. U. & Martin, E. J.: Toxic stability of the anemone anthopleura elegantissima (Coelenterata) through annual seasons..... 47

Rizzo, A. M. & Furst, A.: Mercury teratogenesis in the rat 52
Furst, A., Cadden, J. E. & Firpo, E. J.: Excretion of cadmium compounds by the rat 55
Ho, W., Benton, M. & Furst, A.: The clearance of benzo(a)pyrene and ferric oxide from mouse lungs 58
Chermside, H. B., Okoye, N. N. & Shapira, J.: Growth of Rhodotorula pilimanae on the synthetic carbohydrate formose 61
Shapira, J.: Effect of large amounts of dihydroxyacetone in the diet of rats 65

SESSION ON BIOCHEMICAL PHARMACOLOGY
Chairman: Anthony J. Trevor

Würsch, M. S., Otis, L. S., Green, D. E. & Forrest, I. S.: ^{3}H-Δ-9-tetrahydrocannabinol (THC) metabolism in rhesus and squirrel monkeys 68
Green, D. E.: Automated detection of abused drugs by direct mass fragmentography 74
Melikian, A. P. & Forrest, I. S.: In vivo ^{3}H-prochlorperazine metabolism in the guinea pig and rabbit 78
Forrest, I. S., Otis, L. S., Serra, M. T. & Skinner, G. C.: Passage of ^{3}H-chlorpromazine and ^{3}H-Δ-tetrahydrocannabinol into the hair (fur) of various mammals 83
North, H. M. & Martin, D. W.: Growth effects of narcotics on neuroblastoma and hepatoma cells in culture 87
Ellman, G. L., Herz, M. J. & Peeke, H. V. S.: Ethanol in a cichlid fish: blood levels and aggressive behavior 92
Conzelman, G. M. & Flanders, L. E.: The metabolism and carcinogenicity of 2-acetamidonaphthalene 96
Murray, J. F., Gordon, G. R., Ghoul, D. C. & Peters, J. H.: Metabolic disposition of the antileprotic sulfone, dapsone, in buffalo and lewis rats 100

SESSION ON CNS PHARMACOLOGY
Chairman: Akira Horita

Horita, A. & Hamilton, A. E.: On the hyperthermic action of 2, 5-dimethoxy-4-methylamphetamine (DOM) 104
Uyeno, E. T.: Alteration of rat behavior produced by 2, 5-dimethoxy-4-methylamphetamine 106
Hitzemann, R. J. & Loh, H. H.: Tolerance to amphetamine-induced psychomotor stimulation in mice 110
Flaming, D. G. & Spooner, C. E.: Tryptamine and amphetamine behavioral and electrophysiological effects 114

Byrne, J. E. & Spooner, C. E.: The effects of monoamines on the activity of the marine teleost, Oxyjulius californica 119
Reiter, L., Talens, G. & Woolley, D.: Effects of parathion administration on single-trial learning and on brain cholinesterase activity in mice..... 123
Carson, V. G., Jenden, D. J. & Cho, A. K.: The in vivo effects of some in vitro choline acetyltransferase inhibitors 127
Shirachi, D. Y., Chan, S. L., Bhargava, H. N., Gardner, E. & Trevor, A. J.: Multiple forms of brain acetylcholinesterase..... 132

SESSION ON BIOCHEMICAL PHARMACOLOGY
Chairman: S. A. Peoples

Skinner, R. F.: The determination of submicrogram amounts of Δ^9-THC and its metabolites..... 136
Chan, S. L., Shirachi, D. Y., Bhargava, H. N., Gardner, E. & Trevor, A. J.: Purification of beef brain and eel electric organ acetylcholinesterase by gas chromatography..... 139
Apple, M. & Greenberg, D. M.: Anti-cancer effect and kinetic properties of an enzyme catalyzing C^6-nucleophilic displacements of purine nucleosides..... 143
Arthaud, L. E. & Juchau, M. R.: Aryl hydrocarbon hydroxylase in the foetal-placental unit: starvation-induction interactions 148
Lerner, S. S., Taylor, J. E. & Shirachi, D. Y.: The effect of divalent cations on the solubilization of membrane-bound proteins 152
Symms, K. G. & Juchau, M. R.: Further studies on the catalysis of nitro group reduction in tissue-free systems..... 156
Peoples, S. A.: An ultrafilterable membrane of variable pore size..... 161

SESSION ON CNS PHARMACOLOGY
Chairman: Keith F. Killam

Kavan, E. M. & Julien, R. M.: Effects of enflurane on spontaneous EEG activity and evoked potentials in subcortical structures in acute cats..... 166
Julien, R. M., Macri, J. R. & Kunis, D. M.: Effect of regional lidocaine infusion on penicillin-induced epileptiform discharge: correlation of anticonvulsant effect with blood levels..... 170
Henderson, G. L. & Winters, W. D.: Effects of neurotropic drugs on isolated neurons of Aplysis californica..... 173
Knox, G. V. & Lomax, P.: The effect of nicotine on thermosensitive units in the rostral hypothalamus..... 179
Forrest, R., Forrest, T. & Forrest, F. M.: On the phylogenetic origin of REM sleep..... 184
Loskota, W. J., Lomax, P. & Rich, S. T.: The gerbil as a model for the study of epilepsy: seizure habituation and seizure patterns ... 189

SESSION ON GENERAL PHARMACOLOGY

Chairman: Marvin H. Malone

Whitehouse, M. W., Droge, M. M. & Struck, R. F.: Lymphocyte deactivation by cyclophosphamide metabolites and mannomustine 195

Levy, L., Beck, F. J. & Whitehouse, M. W.: Effect of drugs on the host response to parental lymphocytes in rats 200

Omaye, S. T., Kosersky, D. S. & Malone, M. H.: Hematological effects on cryogenine and selected other agents in rats with adjuvant-induced arthritis 205

Albert, J. R. & Kirkland, V. L.: In vivo effects of dextran-induced erythrocyte aggregation on rat pulmonary surfactant 209

Aures, D., Thompson, J. H. & Su, C.: Biogenic amines and enzymes following immunosympathectomy in mice 212

Thompson, J. H. & Aures, D.: Gastric secretion in immunosympathectomized rats with chronic gastric fistulas 216

Runion, H. I. & Fowler, F. N.: Electromyography: a new approach to drug efficacy studies in the chronic alcoholic during withdrawal 222

PAPERS SUBMITTED BUT NOT PRESENTED AT MEETING

Everett, G. M.: The genetic control of brain biogenic amines and aggressive behavior 226

Leake, C. D.: Pinocytosis as a factor in the cellular absorption of drugs and in cellular gelation in localized allergy 227

Levy, L. & McClure, D.: R-760 (Flazalone) a new and unique anti-inflammatory agent 229

PAPERS PRESENTED BUT NOT SUBMITTED FOR PUBLICATION 233
